

Short biography/profile for Johanna Morrow

I am the chairperson of the Mill Bay Waterworks District (MBWD) Board of Trustees. I was elected to the board in 2021 and my three-year term is ending. I am asking for your vote to return as a trustee for another three years.

I have a strong background in managing and rebuilding public infrastructure and in community service.

Prior to my retirement in 2019 from the Province of BC I was the Manager, Recovery and Funding Programs, Emergency Management BC. In this role, which I held for over 10 years, I worked closely with Municipalities, Regional Districts and Local Improvement Districts to restore public infrastructure damaged in natural disasters. This includes repairing or replacing local water systems and ensuring the water supply is safe. I worked closely with the federal government, various provincial departments, local health authorities, engineers, and other professionals to coordinate timely repairs. I also visited affected communities, monitored infrastructure repairs, spoke at town hall meetings, and supported elected officials.

I am a strong believer in public service and community volunteering. I am a trustee on the BC Public Service Pension Plan Board of Trustees and the treasurer of the BC Government Retired Employees' Association. I am a longtime volunteer with the Young Moms Program of the YMCA-YWCA of Vancouver Island and a community volunteer with the Community Volunteer Income Tax Program. I was the past president of the Victoria Chapter of the Financial Management Institute and vice-president of the Vancouver Island Strata Owners Association.

My husband and I built our home in Mill Bay 11 years ago and have never looked back. We value the great community we live in and appreciate the wonderful nature and climate this area has to offer.
